

CONSUMER 10 YEAR PRODUCT WARRANTY

SISALATION® PLIABLE BUILDING MEMBRANES

Fletcher Insulation Pty Limited (Fletcher Insulation) warrants that Sisalation® Pliable Building Membranes are supplied free of material defects and meet the requirements of AS/NZS 4859.1:2002 including Amendment 1.

This Warranty will not apply unless all conditions displayed on the product packaging are followed and the goods are applied in accordance with all of the written advice and installation guidelines supplied by Fletcher Insulation. This Warranty only applies to consumers who purchase Sisalation® Pliable Building Membranes for personal, domestic or household use or consumption and not for resupply, and is subject to the terms below. If a commercial customer needs a job specific Warranty Statement, they may apply for it via the manufacturer's website www.insulation.com.au or by calling **1300 654 444**.

Products warranted under the Sisalation® Pliable Building Membranes range include:

- Sisalation® Tile roof
- Sisalation® Metal roof
- Sisalation® Wall wrap
- Sisalation® Multipurpose

Note: When installed in accordance with AS/NZS4200.2 and other relevant standards, the products listed below are warranted for use in residential (National Construction Code, Building Class 1) applications as sarking and reflective insulation. National Construction Code – Class 1 building dwellings do not include multi-residential buildings.

Installation

Sisalation® Pliable Building Membranes are to be installed in accordance with the manufacturer's installation guidelines, available for download via www.insulation.com.au or by phoning **1300 654 444**.

Important notes

- Prior to and during installation, Sisalation® Pliable Building Membranes products must be kept dry.
- Sisalation® Pliable Building Membranes are not designed to withstand weathering, hence the external cladding should be applied without delay. The products are not suitable for applications where subject to wetting or excessive moisture.
- Alkali products are liable to corrode aluminium foil, hence Sisalation® Pliable Building Membranes should not be used in contact with wet concrete or mortar.
- Due to natural aging or temperature conditions in the roof space, the product may display or appear 'wrinkled' after some time. This does not affect or alter the performance of the product as sarking and as a wall wrap.
